Elmira, NY**

**Class of 1961
40th Reunion Yearbook
August 3-4, 2001**

A Not So Brief Reunion History
or
How the Internet Made It All Possible

It had been 20 years since the last reunion of the Southside High School Class of 1961, and a group of classmates decided it was time for another. Marlene Miller Douglas, Marilyn Taft Bixler, Kathy Reidy Carrier, and Janice Maslinski Reibson (visiting from California) first concocted the idea when they got together during the Summer of 2000. It took a while for that idea to become a plan, but thanks to the Internet and the rapid communication made possible by email, moving the plan to a reality happened in an amazingly short time.

The following chronology tells how the August, 2001, 40th reunion came to be. The history is reconstructed from over 1000 email messages Bernadette Malone McMahon received and sent between March and August:

March, 2001: Marlene gets an email account and sends a notice to Bill Cook, SHS '58, who offers space on his Internet site (<http://www.gco.com/shs61/>). The notice says a class reunion will occur August 11, 2001, and that classmates should email Bernadette to indicate their interest.

March 15 Bernadette collects email addresses from Bill's site, as well as Tom Drum's site in Elmira, and writes to those addresses to announce the reunion.

April 6 Carl and Diane Scoza Stratton try to reserve a motel room and discover that August 11 is a NASCAR weekend in Watkins Glen—no rooms anywhere! Many emails discuss a change.

April 28 Reunion date is changed to August 4.

An Elmira area committee is formed; it eventually includes Marlene, Marilyn, Pam Huntley Fitzpatrick, Gary Jezorski, Sharon Stimmerman Lowe, Jim Chimileski, and Kaya DeLuca Reagan, Class Treasurer, who still has a very old class bank account.

May 2 Bill Cook's website has been updated to show the new date, and a new email message is sent to all 24 people for whom email addresses are available.

May 4 Mary Vosburgh writes from Florida after hearing about the reunion from Gary Jezorski. She offers to contact people on the Classmates.com website. Mary doesn't realize it, but she's just become part of the committee.

May In response to the website notice, emails arrive from around the world—from Roger Breese in Moscow, Bill Stone in Texas, Marie Deaton Waters and Mary Jo Strapple Sheridan in California. Each person who gets the word spreads it to others. Jack Griff tells Jack Page, Bernadette gets her brother in Elmira to go next door to ask Louie Sigel's mother for his address, the Elmira-area committee members make endless phone calls to classmates and relatives of classmates. (For the 20th reunion in 1981, it took 15 people to do this task.)

May 18 Bernadette has set up a database with the 61 names and 40 email addresses collected so far. All new information is sent to her via email, added to the database, and printed from a weekly list she sends to the committee.

May 23 El Monte Pavilion in Fisherville is booked for the August 4 reunion event.

May 31 All the details with El Monte are settled.

June 2 Marlene asks Bill Cook to post information about the El Monte picnic on his website.

June Elmira-area committee members continue making calls and writing emails. Joy Huonker Klein writes frequently from Rochester with additional addresses from that area. Lots of memories are shared along with the vital statistics.

June 13 105 classmates are now in the database, 59 with email addresses.

June 18 Committee chooses Angie's in Pine City for a Friday night event.

June 19 170 names, 64 email addresses.

Elmira Southside High School Class of 1961: 40th Reunion Yearbook

- June 21 We have momentum! 192 names.
- June 25 211 names.
To the dismay of the committee, each batch of names and addresses includes reports of deceased classmates.
- June 26 Material announcing both events, including maps to El Monte, is sent to Bill Cook for posting. Gary Jezorski, his wife Pat, and Bernadette worked together (via email, of course) to prepare the material. The maps were adapted from an Internet site.
- July Additional names, taken from the yearbook and graduation program, are added to the database. After removing some who consider themselves members of a different class, 351 people are included in the Class of 1961 list.
From the 351, a list of "missing" classmates is developed and posted on Bill Cook's website. Marlene gets the Star-Gazette to publish an item asking people to check that list, a tactic that brings in additional information about current addresses and, sadly, more news of deceased classmates.
- July 10 Only 98 still missing; 29 known to be deceased.
- July 16 10 more found—only 88 missing.
- July 18 Street and/or email addresses are available for 264 of 351.
- July 20 Down to 81 missing.
- July 16 week A sad one. Two classmates die in Elmira: Dennis Thayer on 7/18, and Ruth Kelly Slaven on 7/21. We also hear of another deceased classmate, James Precit. Total deceased now 33.
- July 23 Only 74 still missing.
- July 24 71.
- July 30 70.
- July 25 46 (including guests) are signed up to come to reunion.
- July 29 83 are coming.
- July 30 94 coming, with six more known to be in the mail. Jack Griff writes to 20 select classmates (his "favs"—you know who you are!) to encourage them to come.
- August 1 The committee meets one last time, with Jeri Comfort Moore also there to help make name tags from yearbook pictures. Jack Griff and Bernadette, who have arrived in town, also attend.
- August 3 51 classmates and guests reconnect in Angie's dining room and bar. Hugs and handshakes, gasps of recognition, and some puzzled looks as we try to remember one another after a 40 year gap. Despite the band, lively conversations continue through the evening.
Until almost midnight, 68 classmates are considered still missing. Then Frank Gilbert walks into Angie's bar and the number drops to 67. Frank has driven up from his home in SC and, completely unaware of the reunion plans, just happens to pick Angie's as a place to stop. [Twilight Zone theme here.]
- August 4 73 classmates and their guests enjoy a full afternoon at El Monte. Everyone agrees that we will do this again in five years. Final count of classmates attending at least one of the events: 78.
- Post-reunion Publicizing the list of the missing at the reunion produces some additional information—five more classmates are located. One additional classmate is reported as deceased, bringing that total to 34.
Gary Jezorski agrees to chair the 45th reunion in 2006. Stay tuned!

We Remember

During the Saturday event, Senior Class President Jack Page read a list of deceased classmates and we observed a moment of silence in their memory.

Where We Live

Based on information available, 65% of SHS Class of '61 still live in NYS, 51% in the Southern Tier. The remaining 35% are scattered around the country and in at least three locations outside the 50 states:

| | |
|---|-----|
| # city/state addresses available: | 230 |
| # in NYS: | 149 |
| # in Elmira, Pine City, Horseheads, or Elmira Heights: | 93 |
| # in zip codes 148###, 149###, other than Elmira, etc.: | 25 |

| | | | | | | | |
|-------------|---|----|----|----|---|----|----|
| Germany | 1 | DC | 1 | ME | 1 | PA | 13 |
| Puerto Rico | 1 | DE | 2 | MI | 4 | SC | 3 |
| Russia | 1 | FL | 15 | MN | 1 | TX | 5 |
| AZ | 2 | GA | 3 | MO | 1 | VA | 3 |
| CA | 4 | HI | 1 | NC | 3 | VT | 1 |
| CO | 3 | IL | 2 | NJ | 1 | WA | 1 |
| CT | 3 | MA | 3 | OR | 2 | | |

Still Missing

Despite our best efforts, the following 62 classmates still have not been located. Any additional information should be sent to any committee member.

Class of 1961 Grouped by Elementary School/Junior High

Riverside

left to right: Art Haynes, Tom Terkoski, Howard Holcomb, Jeri Comfort, Arnie Mosch, Sharon Pullen, Brian Copestick and Tom Wilcox

Hopkins Street

left to right: Linda Phillips, Ronda Lyon, Gary Jezorski, Carol Lewis, Carole Goodwin, Gary Emmick, Ann Terwilliger, Jerry Goodwin, Linda Harvey, Elaine Ferris, Scott Logue, Carl Stratton.

St. Mary's

left to right: Bill Pint, Jeane LeVelle, Joy Huonker, Tom Holleran, Bernadette Malone, Jim Chimileski, Kathy Reidy, Patty Whitney.

Edgeworth

left to right: Bill Hicks, Sherolyn Ramsdell, Judy Wilkinson, Keener Cortright, Ed Phillips, Dianne Williams, Marlene Miller, Kathy Kittle.

Parley Coburn

left to right: John Weston, Dianne Green, Rose Conte, Dianne Scoza, Art Haynes, Maxine Roupp, Mimi Gilbert?, Bob Pierce, Jeri Comfort, Sharon Johnson, Tom Terkowski, Bill Johnson?, Kaya DeLuca, Sharon Pullen, Howard Holcomb, Arnie Mosch, Pam Huntley, Rob Ordway, Brian Copestick, Tom Wilcox.

Pennsylvania Avenue

left to right: Darlene Gettsy, Ruth MacDowall, Jack Griff, Donna Reppard, Jack Page, Sharon Stimmerman, Ray Weiland, Janet Barnes, Marie Deaton, BJ Mitchell, Nancy Oppenheim.

40th Reunion Yearbook Entries

Each entry in the following pages includes information collected during preparation for the 40th reunion. Pictures are those taken at the reunion or contributed by the individual classmate.

Entry Explanations

- Entries are in alphabetical order, according to the classmate's last name as it appeared in the 1961 yearbook.
- The entries "Fri", "Fri&Sat", or "Sat" next to a person's name indicate which 40th Reunion events the person attended.
- The entry "Listed on Classmates.com." means that the classmate signed up on that website but did not respond to messages sent from the Reunion Committee. Classmates.com does not divulge email addresses, so we only have email addresses for those who did respond.

Notice

To ensure that you're on the list for the next reunion, don't forget to send updates—names, addresses, phone numbers, and email addresses—to Bernadette McMahon, bcmahon@his.com, or to any other committee member.

Special Thanks

To Bill Cook, SHS Class of 1958: thank you, thank you, thank you for providing the World Wide Web space for us to announce the reunion, post directions, and notify the class of the availability of this book. Your help has been invaluable!

In 1974, my husband, Steve, a '60 grad from Edison, our three children and I moved to Mesa, Arizona. Steve was quickly hired by the City of Tempe in their Information Systems department and he has been there ever since. I also worked, for many companies over the year and retired "early" in '88. As our children married and had their children, I became the daily caregiver. We have 5 beautiful granddaughters-ages 10 to 1 1/2. We are very blessed in that all of our family lives within 15 minutes of each other. Steve has been involved with the Boy Scouts as a Scoutmaster for the past 25 years. We enjoy traveling, whenever possible, and do a fair amount of camping. We really love Arizona, heat and all. Although our parents are now deceased, we both have family back in Elmira.

I cannot believe that 40 years have passed and

that it is time for another reunion. About five years ago my wife (Jennifer) and I sold our business and retired to the Olympic Peninsula in western Washington. We have a lovely home on Puget Sound and spend our summers hiking in the mountains and enjoying the beauty of this wonderful place. We spend several weeks each fall/winter on the island of Kauai and enjoy it immensely.

Forty years ago upon graduation from SHS, I attended Corning Community College for two years then transferred to RIT in Rochester where I got a degree in Accounting. At that time Xerox was a big growth company and part of the Wall Street "nifty fifty" and I was fortunate enough to get a job there. For the next twenty years I had various accounting and financial management jobs, but decided to leave the company when it ceased to be a good place to work.

My wife and I then started our own accounting/tax/financial services business from scratch and managed to build it into a profitable and rewarding enterprise. The business was located in the greater San Francisco Bay area and with the explosion of the computer and Internet businesses we felt increasingly hemmed in. When we had a chance to sell the business and move to a less crowded environment, we jumped at it and the rest is history.

We have some personal obligations which will keep us from attending the reunion, but my sincere best wishes and a big hello from the Pacific Northwest to those who do attend.

Jeri

I'll preface my "history" by saying that I've never left Elmira and I've (almost) never regretted that decision. I've lived and worked through floods, massive layoffs, etc. And yes, the old girl has deteriorated a bit. Sometimes her hair is a bit messy and her makeup smeared, but I love all of her faces. As many classmates commented the weekend of our reunion...there is no place more beautiful than this Valley. I am so grateful for the warm, safe and uncomplicated way we were allowed to grow up.

After graduation in '61 I went to work as a "copy girl" at the Star Gazette, while working my way through Elmira College, I gradually moved up through the newspaper ranks as photographer, reporter and finally an editor. I left the Star Gazette after Rick Kimball (Class of '62) and I married and did some advertising copy writing for local department stores and radio/TV stations then went on to establishing the first Public Relation program for Remington Office Machines Division...soon after I left Remington to begin the PR program for the Arnot-Ogden Hospital.... Remington closed; so much for my PR program! I spent 20 years at the Arnot as both Public/Community Relations Director and Director of Volunteer Services, and, during that time, had two sons, Rich and Alexander... and became a single Mom.

I married Jack Moore (EFA Class of '58) in 1990. Jack is an Elmira attorney and managing partner of the Denton, Keyser, LaBrecque & Moore Law Firm. (Some of you men may remember him as co-captain with Ernie Davis of the famous EFA basketball team that won 52 straight games).

Soon after Jack and I married I became a Residential Real Estate Appraiser and took over the Griffiths Real Estate Appraisal Company, which I continue to operate out of my home. Corning Inc. is my biggest client for relocation appraisal work and they tend to keep me busy. Our combined family includes Jack's daughters, Molly (Frankel) an attorney in Boston; Mara a social worker in Madison, CT; my sons Rich, a paramedic with Erway in Elmira/Horseheads (married to Linda an Elmira College grad and ER nurse at the Arnot) and Alexander, my perennial scholar. He's attended 3 universities so far and is presently at Cornell University. When I asked him recently if he was ever going to graduate...in my lifetime...he asked me how I was feeling! They're great kids and a huge source of joy and pride.

Jack and I share a love of golf so most of our free time - which is very limited - seems to center around that sport. We vacation in Spring and Fall in Hilton Head, SC, and in the winter head to either Florida or Arizona. Our goal is to play each of the 100 Best Golf Digest Golf Courses. Trust me...we're not even through a quarter of the list, but we're always working on it. So far Pebble Beach has our vote as the most spectacular course we've played. We've been active in the LPGA Corning Classic since its inception; we're on the Board of Directors of Corning Classic Charities and Jack, who is a member of the Corning Classic Hall of Fame, is presently a Vice Chairman of the Tournament. It keeps us pretty busy in the spring months leading up to the May Tournament which is entering its 24th year. Living on the Elmira Country Club golf course has afforded me a chance to get in a little extra practice...which helped in winning the ECC Women's Golf Championship the last two years.

That brings me up to date.....August, 2001!

I do hope that we'll continue to communicate and start planning for the 45th in 2006!

Judy and husband Sam

Sam and I celebrated our 38th anniversary this year. Since we are now retired, we are planning to travel and spend some of the winters in the South. We purchased a motor home and will be on our way after the holidays.

We have two grown daughters, Lynda and Karen. Both of them are CPAs, happily married and have two young children. So, we cannot be away too long! We enjoy grandparenting, gardening, golf, genealogy.

We had a great time at the reunion and look forward to keeping in touch. Thanks to the committee for doing such a nice job with the events.

Kaya and husband Jerry

In 1964 I married Jerry Reagan (Class of '62). We have two sons, Scott and Christopher, and a new grandson born this past January. I am semi-retired from banking and hope to retire next year. Jerry is already retired from teaching after 34 years. We hope to travel and have time to enjoy our family.

Dorothy (my wife of 33 years) and I graduated from Alfred University and initially worked in Rochester, NY for the 1st 7 years of our working careers, she as a French Teacher in Pittsford and I as an engineer with Bausch & Lomb. We moved to Corning in 1974 and I have worked for Corning Inc. ever since, 17 years in manufacturing and for the past 10 years in labor relations.

Looking forward, I am planning toward retirement in the next 2-3 years, to devote full time to all the things I love to do like travel with Dorothy, boating on Keuka or Lake Ontario, play golf, tinker with an antique Corvette, ride a motorcycle, manage a few investments, volunteer, do home projects, trail our kids around, walk the dog, and even paint a picture once in a while.

I mentioned our kids.....Katie, 25, is in her 2nd year of teaching 2nd grade special ed in Spotsylvania, Virginia; Scott, 24, is a mechanical engineer also working for Corning Inc.; and Tim, 22, is a senior mechanical engineer.

Elaine and sister Nancy Ferris Blemlé, SHS '63

I have been married twice. I have a daughter age 40 from my first marriage. I got married again at age 23 and have been married 36 years!!! We have 4 children together, 2 girls and 2 boys but not in that order. So I have 5 children all together.

I stayed home and took care of our children for a few years and did home partys in the evening so my husband could be there with the kids. Then went to work at a grocery store for a few years. Also worked at a wreath factory, I have worked cleaning homes and managed sporting goods and pet store. I worked several years at a dress factory and while I was working there I also demonstrated home parties.

During all this I raised AKC. Reg Various Breeds of dogs and showed them and raised them to sell. Twenty-three years ago we purchased 6 acres between Wyalusing and Dushore, PA. We have a modular ranch house here. I have dogs here but no longer show them.

My son and I do have AQHA Registered horses

that we raise and sell. I have my own stallion—I had two but decided to have the older one gelded so other people would go riding with me. My three daughters were married and all three have children. My sons have never been married as of now. So we have four grandchildren, three girls and one boy. Well there is my life story in nut shell!!!

It was so good to see people with whom I had shared the first 12 years of my school life at the 40th Class Reunion.

After graduation in 1961, I went to Jean Summers Business School for two years for executive secretarial training. My first job was as secretary to the Personnel Manager at LeValley McLeod on Church Street upon graduating from Jean Summers in 1963. My first marriage occurred in September 1964, with the birth of my son in August 1966.

From LeValley McCleod I was secretary to a local lawyer before I retired to have my baby. After I dissolved my marriage in 1967, I re-entered the workforce as secretary to the Credit Manager at Thatcher Glass. From Thatcher's, I worked for the County Executive, Doc Blostein; then on to New York State as Executive Secretary to the Business Manager of the Elmira Psychiatric Center.

During these years, I was active in Elmira Little Theater and the Elmira Choral Society. The Elmira Psychiatric Center has The Mental Health Players under John Edwards, which I joined and had great fun as well as a great education performing statewide with other members who were employees of the Center.

From New York State I became a Federal employee by joining the Small Business Administration in 1978, where I am currently working as Economic Development Specialist.

I have been with my present husband, Jack Boyd, since 1974. He sold his business which he started, Curly's Chicken House, 11 years ago. It seems like only last year though—the time slips past so quickly.

During the years we have traveled around the world, from the Arctic to the Amazon and points east and west. To celebrate my 50th birthday in 1993 I decided to take a private African safari in tents and lodges in Tanzania and Kenya—learning to herd goats along the way on an island called Lamu in the Indian Ocean. Jack did not want to go, so I went by myself with the help of an outfitter in Ithaca called Voyagers who made the 6-week long arrangements for drivers and campboys. I highly recommend taking a safari—believe it or not those guys can cook up amazing things over a campfire—like crepes for breakfast.

Both my husband and I took up flying in the late 1970's. I got my pilot's license (single engine, fixed wing), and my husband also got his glider's license. I have my SCUBA certificate—taking my licensing test in Seneca Lake in January of 1980. Everyone from this area knows how cold Seneca Lake is even in summer. I enjoy white water rafting, having rafted the Colorado River for a week and the white waters of Costa Rica. My friends and I play tennis several times a week, along with walking and swimming.

I have a thirteen-year old granddaughter with whom I have traveled since she was 5 years old. She definitely has the travel bug. Last October we spent a month in Morocco, including a camel trek into the Sahara Desert to an oasis.

I'm looking forward to the next reunion, which I believe will be in 2003? Please let me know if I can be of help. Maybe we could invite some of the teachers to come, if any are still in the area.

I've only touched on some of the highlights—the boring details can be shared at the reunions, over the internet, or by mail. Stay in touch.

Jack

Hi to All!! As I told many of you at the reunion, it was the definite highlight of the Summer...at least for me. Enjoyed talking to each and every one...and so good to see the "Green Hornet" spirit endures...

OK, a short blurb. After the University of Kentucky ("Go Cats"), had a super 20-year career in the U.S. Air Force, retiring as Lieutenant Colonel in 1988. Stationed at bases in AZ, FL (twice), VA (twice), WA and OK...and traveled and lived in many parts of the world, especially Europe and the Middle East.

Starting as a Captain in 1975, with a flight test tour at the Boeing Company in Seattle, most of my career revolved around aircrew and staff assignments with the E-3 AWACS radar surveillance aircraft...interesting beyond belief as involved in every U.S. contingency imaginable.

Retired out of a Pentagon assignment, and into the defense industry. Have worked with the Northrop Grumman Corporation for 13 years now, the last nine here in the Washington, DC area, with daily associations among the DoD leadership, and on "the Hill." Feel lucky, as still interesting every single day...

I was married right out of college (sound familiar), and although divorced years ago, have three beautiful and talented daughters (my ex-wife says we've achieved the "3 Gs"—they're grown, graduated and gone...ha). They're all westerners, as two in Phoenix (both in education) and the third in Denver (my young attorney). And, they're all married (I have loose change now)...and with two neat grandkids, and a third on the way. Honestly... how did so many of us SHS grads turn out so

Fri&Sat

blessed (enjoyed many similar "life stories" at the reunion).

So now, live in Old Town Alexandria, VA...full of history, and right on the Potomac River, just across from DC. So, if any of you get to our nation's Capitol, give me a buzz...please. Always up for beer (actually, bourbon in my case) and a bite...and reliving "old" times with you...

Enough...except looking forward to 2006 already, and I hope to see many of you beforehand... Bernadette lives right here on Capitol Hill, classmates like Jerry Goodwin get to DC quite a bit, and I plan to see many of you on the road (Jack Page, Ann Terwilliger, etc)...or in Elmira...

A good place to close, with the tag line (ask Carol Goodwin) that I still love my hometown...and in all my travels, have not found a neater, more beautiful place on earth. So glad so many of you still around the Elmira and Upstate NY area, and hope to see some of you on my frequent swings through the area.

And, many thanks again to the Reunion Committee...

Jack...aka John...(a little humor from the reunion, led by Darlene Gettsy...)

Sheila and husband Dan

I hope you are all having a wonderful time at the reunion. I am so saddened that I am not able to attend. We have the wedding of a dear friend's

daughter in Vermont.

A little history:

I have been married for 34 years to my husband, Dan. We have lived in the Rochester suburbs for the past 33 years. Dan is a systems & software engineer with Xerox. We have two grown daughters, Renee, 31 and Deanna, 27. They both live in NYC.

My parents both died in 1989.

I was a classroom teacher during early marriage, left to raise a family and be an active volunteer, and then returned to education in the mid 80's. I was initially a nursery school teacher, then went for my masters in Special Education, and have been employed by the Honeoye Falls-Lima School district since the early 90's — working with school age at-risk students. I love the work I do, the children and my colleagues. So far, my husband and I have no retirement plans, and will continue to work as long as we continue to enjoy what we do.

When I have free time I like to read, do needle-point, play golf and we both enjoy travelling. The attached photos are from our latest trip to Portugal and Spain in July.

On a sad note: I did keep in touch with Sandy Botnick. Although she did not graduate with our class (she moved to California Sophomore year) many of you might remember her. After many years I was able to visit her on a trip to California in '93. She was divorced and had 2 children who are about the same age as ours. It was great to see her and share old times. Unfortunately, Sandy passed away 2 years ago from cancer.

I would love to hear about the reunion activities and about all those folks who attended. Hopefully, I can make the next one.

I shall not be able to attend our high school reunion this year. I was in Elmira in May but can't return so soon though I would love to see everyone.

We live in Tucson, Arizona, and are missionaries working among the Hispanic Peoples of the area. I also work part time as a nurses aide in home

health. I like the work very much, though it is not as challenging as the things I used to do. I trained as an L.P.N., but after 20 years of not working in nursing, I am now an aide.

We have one son, David, who is 31. He still lives at home but is independent. He isn't married.

We have an interesting life serving the Lord; in New York State, in Texas, Old Mexico, California, and Arizona.

Held family in 1999

In Sept '61 I entered the Navy Fleet Ballistic Missile Submarine program. If you all can remember back then, the cold war was going strong and the US wanted to develop a deterrent to war. All I wanted was to learn about computers. Maybe some of you can remember the digital computer that I built for the science fair.

I spent 7 years in the Navy and made 6 deterrent patrols on the USS Von Steubin SSB(N) 632. And I learned a lot about computers. While I was

Fri&Sat

at a navy technical school at Bainbridge, MD I met my wife to be, Joyce. She was from Wilmington, Del. We were married Dec 7, 1963.

After we got out of the service we settled down in Pownal, VT. I had obtained employment at General Electric Defense Systems in Pittsfield, MA which is only 25 miles south of Pownal. I was still working the Navy FBM program as Defense Systems was the prime contractor for the Weapons System. In '68 I started going to college evenings and finished up with a BS in Physics. After many years of work, promotions and continued education, I ended my career as Manager, FBM Support Software Engineering. I retired May 1 of this year.

Joyce and I have two children, Kimberly (37) and Kenneth (33). Kim and her husband Tom have two children, Kevin(13) and Colleen (11). They live in Cheshire, MA. Kenneth and his wife Julie have three children, Alex (8), Emily (5) and Megan (2). They live in Pownal, VT.

After high school I went into the Marine Corps in September. After a tour, which took me from South Carolina to California to Japan and the rest of the fareast and back to North Carolina, I got out in 1966. Then I came back to Elmira and got an apprenticeship in the sheet metal workers union. Then in 1976 work wasn't very good so I built a barn and went into milking cows. Then in 1984 I sold them and went back to the sheet metal union and retired in January 2000. In 1967 I married Pat Terry (class of 62) and we have two married sons, the oldest is 31 and the youngest is 28. We had our first grand child in August 2000 a boy. Life has been good to us. I enjoy hunting, fishing, canoeing and snowmobiling. Just life itself. We have two dogs, two cats and one horse. We plan on doing some traveling with a camper.

I enjoyed my career as an elementary teacher

for the Elmira City School District for almost 34 years. I was also involved with the Elmira College Education Program and was a mentor for about 22 student teachers. It was a joy watching the students blossom from student to teacher.

I retired in June of 1999 and have done a lot of traveling since then. I enjoy going to Sarasota, FL for the months of Feb. March and April. Siesta Key has one of the most beautiful beaches in the world. One of the highlights of my travels was when Marie Deaton Waters and I went to Florence, Italy to visit Marie's daughter Sara. Sara was studying there for a semester. Would enjoy going back again.

If everything works out, the next big trip in the year 2002 will be to Norway, Denmark and Sweden. I will be checking on some Swedish heritage as well. I have been very fortunate thus far and look forward to getting together with everyone in 2006.

After graduating from SUNY Albany, I married a Southerner and moved south. Frank and I have two daughters. English is 32, married and the mother of our three adorable grandchildren; Elise is single, lives in Charleston SC, and sells uniforms to resorts, industry, etc.

I taught school a couple of years but because Frank traveled so much I was a stay-at-home mom. We live on Lake Hartwell in the small town of Clemson SC (home to the Clemson Tigers). Frank graduated from Clemson in '63, is retired but does some consulting to the paper industry. I have a part-time job to keep me out of trouble and from being bored while Frank is traveling. If this stock market doesn't do something I may have to go to a full time job.

My mom is still living (with my sister Pat and her husband) in Elmira so I am in town a couple of times a year. We have traveled a good bit and have two major trips (Ireland, Australia) we plan to take before we are too old or slow to go. I had breast cancer in '99 but had to have no follow-up treatment (unless a mastectomy is treatment). Frank has atrial fibrillation and will have a pacemaker installed in August '01. Other than that we are in great shape.

I am widowed after taking care of my husband through 20 yrs of kidney dialysis & transplantation. We dialyzed him at home evenings while both held f/t jobs. Together we started a non-profit org. for chronic kidney patients.

With BA (sociology) from U of Hi., I was employment service specialist III w/ the state, before leaving to care for increasingly ill husband & late born child, Dustin, now almost 16 & entering 10th grade. As volunteer school lunch coordinator w/ Vegetarian Society of Hi., I had fun facilitating 3 tours of nutritionists & environmental activists to work w/ Hi. schools, medical facilities & the public. (Statewide Hi. schools this year are offering optional vegetarian meals to students due to efforts of many people.)

Since my sister, mom & recently dad have died, leaving just me & my brother (a Staten Island resident, w/ serious health challenges), I will likely be moving to Elmira by Summer, 2002, to manage family affairs. Dustin will finish school at our old alma mater. As an almost senior citizen (who acts like a kid), I will be seeking employment in the Elmira area in public health education. Would love to hear from "old" (excuse) classmates.

We have three children, Egan, a physician in Rochester, Leif, an artist in Seattle and Rachel, a graphic designer and marketing director for a hospital in Arizona. All are married. Egan has three girls, Leif a son and Rachel is expecting her first in Feb.

I spent twenty years in communications. First as an executive producer for Wisconsin Public Radio and NPR. After that I assumed the director position of Public Relations for Wis. Division of Tourism. I'm a fine artist (portrait) and have written three novels. Two I hope will be published this year.

My husband Hayward is a writer/editor. Has published four books: one on whales, one on the Blue Heron and two on Native American travel. He's working on a historical project now. For many years he was communications director for World Council of Credit Unions which took him all over the world developing credit unions. He was in Africa in the Peace Corp under Kennedy.

We now live in Pittsford near Rochester, NY.

My website www.mainstreambooks.com will be up and running by December. Check it out!!!

Marlene and husband Ken

I married Ken Douglas (class of 60) and stayed home with our three daughters for ten years. I went to Corning Community College in 1972 and became a registered nurse. The ER at the Arnot was my place of employment for four years, then I went to Elmira College for my bachelors in nursing. The next ten years were spent in nursing supervision and when I was burned out from that I went back to college to obtain my teaching certification and started teaching in the adult ed program for LPN at SCT BOCES. Hopefully I will be able to retire from this career!

We have three grandsons and one granddaughter so Ken is now able to enjoy straightening out his fishing gear! We have observed the changes in Elmira with some sadness. My old neighborhood, the Maple Ave. area, has badly deteriorated. Society's unfortunate changes have taken over with a vengeance. Hopefully, the southside can be reclaimed as the family oriented place it was when we were growing up.

Just a short note to thank the class committee for all the hard work that went into the 40th reunion and the very special 40th reunion year-book. It is so enjoyable to read about the families, careers, and things that everyone has done over the years.

I was shocked to read the names of the classmates that have passed away. I knew about Craig Siar, and Donna Andrus, but I had not heard about so many of the others.

To make a long story short (considering what some classmates have accomplished in their lives). I joined the Army a year after school and stayed with it until now. The first 30 years were primarily flying a multitude of helicopters. We were stationed in numerous places in the states, Vietnam, and then predominately in Germany. After retiring from active duty I worked the last ten years as the Safety Director for the Mainz/Wiesbaden Military Community.

I met my wife Ingrid in Berlin in 1964, we were married in 1966 and are still living happily in Mainz, Germany. The only unfortunate part about living here is the distance to Elmira and the infrequency of being home. My folks are relatively well and still live on Pennsylvania Ave. My "little" sister is married with two teenagers and lives in Huntsville Al.

We had sincerely planned to attend the 40th reunion, but due to the restationing of several

units to the Wiesbaden Community we were unable to make the time available. I am looking forward to seeing all of you at the 45th reunion and wish you the best of happiness and good health.

We have all been affected by the insane attack of 11 Sep. on the World Trade Center and the Pentagon, I sincerely hope that none of you nor your friends were directly affected.

I certainly would enjoy receiving an e-mail from you and hearing about how you have been doing and your plans for the future. May God bless each of you, your families and our nation.

Bob and wife Cheryl

Forty years since graduation from SHS, how can that be? Our reunion in August was one of the highlights of our summer. We have exchanged addresses and promises to stay in touch with classmates we have not seen for years.

What has happened in my life since September 1961:

Well, let's work backward. I retired from Corning Incorporated in May of 2001 after 38 years of employment. My last assignment being in 1992 when I accepted a position at Corning's big Optical Fiber Manufacturing Facility in Wilmington, North Carolina. We have been residing in Wilmington since retirement. I have been married to Cheryl Fischer (from Horseheads) for 34 years, successfully negotiating a few martial bumps in the road, along the way. We have two great daughters and four beautiful grandchildren who also live in the Wilmington area. After SHS I graduated from Corning Community College, and Elmira College, and spent 8 years in the Army Reserve. My hobbies are fishing, tinkering with old cars and NASCAR (you have to be a NASCAR fan to survive in the South).

Al's wife Linda provided the following history:

Al has been in banking for more than 35 years. We have lived in Elmira and Big Flats for all our married life except for 4 years when Al was employed by M&T Bank in Batavia. Al is and has been active in Lions Club, Boy Scouts, Chemung County Chamber of Commerce. Al enjoys boating, fishing, and hunting. We have 3 sons: Jeff who is a div. mgr. at CFE Evans, Dennis, a cop in Binghamton, and Daniel who works for City Bank in Hagerstown, MD. We have 7 grandkids ranging in age from 7 to 16. Al is not retired yet, he is a branch mgr of Northwest Savings Bank in Lawrenceville, PA.

I have heard one story that sticks with me about Al in high school. It seems he and Fred Hanwell brought a bike inside the school. Fred

Hanwell was sitting on the handlebars. Al headed for the cafeteria and then jumped off the bike leaving Fred Hanwell sailing through the cafeteria on the handlebars—all by himself. I don't know what trouble they may have gotten into.

Joan Sponyoe Figueroa

San Juan, PR
Email: joansponyoe@hotmail.com

Joan and her family

I have been married 33 years to Nadir Figueroa, and living in San Juan, Puerto Rico. He's a retired accounting manager for the electric company.

We have three sons, Joseph, 27, computer design engineer for Microsoft in Seattle, M.I.T. graduate. Next is John, 26, Syracuse Univ. grad, graphic, web designer for Sierra on Line in Seattle. Then there is our youngest, Christian, 22, May grad. of Syracuse Univ. He will continue his masters now at New England Conservatory in Boston in Sept., he's a tenor. They are all still single.

I went out of nursing 28 years ago, continued in education and have now worked 20 years part time as an English teacher in a small private elementary school.

I get to Elmira about twice a year, I have my mother who is now almost 86 and my sister Ann and her husband in Elmira. She is from the class of 1956 as well as my brother John who lives in Potomac, MD. Their forty fifth reunion is coming up real soon.

I saw Marlene and Kathy Kittle when I was home in April. I also keep in touch with Carole Battisti.

Elmira Southside High School Class of 1961: 40th Reunion Yearbook

They all have done well and look great. I will truly miss not being at our fortieth but it just didn't work out.

If anyone is planning a visit to San Juan, let me know. Have a marvelous time and put lots of pictures on the web site!

Sharon

After SHS graduation, I became a Registered Nurse and lived in Buffalo, NY for several years. I returned to Elmira, renewed an old friendship with Ron Lowe and we were married in 1971. We raised our three daughters here so we are all SHS alumni.

My nursing career was always an interesting

challenge. I worked in acute care and later long term care. I earned my BS in Health Care Administration and was Director of Nursing at the Chemung County Nursing Facility when I retired in December, 2000.

Ron and I began building our retirement home in South Carolina just before he was diagnosed with cancer. We enjoyed as much time as we could manage there before he died in December, 1999. Now I keep busy with our three girls and five grandchildren, friends, and professional and community organizations.

I'm still hauling concrete for CSR Rinker. I just finished 20 years with them. I can get 100% of my union pension at 62. I'm trying to tough it out another 5 years and then retire. It is a real struggle at times with this traffic and all those idiots on the road today. Road courtesy is a thing of the past here. I went to work last night at 11:45 P.M. We hauled 510 yards of concrete to Universal Studios for a new hotel.

I'm still married to my wife Stella. We've been married 34 years. We've got a daughter and a grandson. They live around here, so we get to see them occasionally.

I've always been into bowling since I worked at St. Mary's Lanes in Elmira. I was still in high school then. Here I'm on the Board of Directors

of the Greater Orlando Bowling Association. I served as President for two terms and was in charge of one bowling center for the state bowling tournament when it was here (that was 13 week-ends straight). I bowl every year in the ABC National Tournament. I am a delegate for our Bowling Association, so I go to the tournament on delegates week each year. That week, we discuss any proposed legislation to change or add to the American Bowling Congress rule book. I also bowl every year in the state tournament and the local association tournament. A few years ago, in the state Tournament, I rolled a 300 game and a 774 series. That was a high point! I was on cloud nine!

Mary

After graduation I worked for Winnick's Army & Navy Store and C & K Laundry before leaving Elmira in June of 1963 for Minneapolis, MN. I had been paying to go to a school there that trained people for government office jobs and airline work. I had thought that I wanted to be a Stewardess. To get my foot in the door I started as a Reservation Agent with Northwest Airlines and was located in Seattle, WA where I met my husband. In 1968 he was transferred to San Francisco with his work and we made our home in San Mateo.

Northwest didn't have an office in the San Francisco area so I went to work for United. His work brought about several more transfers: Los Angeles were we lived in Torrance and I worked as an Assistant Manager of the Jr Fashions at the

Broadway Dept. Store at the Del Amo Shopping Center; then to Kingman, AZ where I worked as a Dental Receptionist; Cleveland, OH where I returned to Northwest Airlines in February of 1973. Another transfer in September of 1974 took us to Bethesda, MD this time I was fortunate that I could transfer with Northwest to their DC office.

The end of 1976 my husband & I decided on divorce and I moved to Alexandria, VA which allowed me to remain with Northwest in DC. From September 1978 to August 1980 I worked at Washington National Airport with Northwest and for health reasons I had to return to the Reservation Dept. But while I was at the airport I met my "Significant Other", Bus Slater, who was a Chief Mechanic with Northwest. We decided to "just see where our relationship goes". And it's still going.

When our office in DC closed in March of 1982, I came to work in our Tampa office. Bus remained in Virginia and it was difficult keeping a relationship going over such long distance. But when he retired in 1991, he started doing the commuting which made it much easier for me. We combined households in 1999 after selling my home in Tampa and buying one in Land O' Lakes. I also retired in July 1999.

Bus has two grown daughters by a previous marriage and I never had any children. We do have one 15 plus year old cat that adopted me in 1987.

We enjoy some traveling, gardening, swimming in our pool, and in the winter months down here we like to bike especially since we are getting more and more bike trails in the area. I also work on my Family Tree a lot. The computer is very handy for that.

Usually I get back to the Elmira area every couple years as I still have family there. It is very difficult to leave when I am up there. The area is the prettiest of anywhere I have lived. But this is home now and I especially enjoy it here when on TV they show the snow blowing and zero temperatures in Elmira. Hope to see all of you in 2006.

I think you may find this surprising about me and my life now...

That after marrying at the young age of 15, that I am still with my original husband, happily married with two grown sons, and four grandchildren. It was a struggle, but with the help of our Lord Jesus Christ, we succeeded.

I've been happily married for 37 years to Ann (Pullen) Wilcox. We've three wonderful children

and one wonderful, if you can be wonderful when you're three, granddaughter. I've worked at Schweizer Aircraft Corp for 37 years, most of which I've been their Plant Engineer. We have a cottage on Seneca Lake where we can relax. We enjoy boating, fishing, camping, playing on the computer, and many other hobbies. We have a nice home on the hill behind the Mark Twain Golf Course. PS: I had a very nice time at our reunion. I thought the location was great.

Dianne

It doesn't seem possible that it has been 40 years since we graduated because I do not feel that old. But so much life has gone by, it must be real. I've raised three strong, independent, beautiful daughters as a single parent, become a RN and then on to be a Nurse Practitioner. After 30 years of state service, I will be retiring as of 9/30/01 and have already started teaching in a private school in CT. of only 19 students.

I also plan on working at the local bookstore and spending more time with the grandchildren plus my hobbies of gardening, genealogy, sewing and traveling.

I would love to hear from all my old friends from SHS and hope to see more of you next time. Don't wait until the 50th!
